

San Giuliano Milanese 02.12.2024

Scope 1 and 2 Emissions Reduction Targets

At SUPPLIER , we are dedicated to sustainability and recognize the importance of taking proactive measures to protect the environment.

We are committed to reducing our Scope 1 and Scope 2 emissions by 27% by 2028 with a baseline year of 2023 in line with science maintaining a minimum absolute reduction of 4.2% YoY. We will do this through renewable energies and the continuous improvement of energy consumption.

In addition to renewable energy, we will also continue to implement innovative green processes and technologies that allow us to reduce our environmental impact.

Beyond commitments we recognize the importance of transparent reporting and accountability.

Therefore, we will continue to regularly report our progress on our emissions reduction efforts to our stakeholders, ensuring transparency and demonstrating our commitment to sustainability.

Sincerely,

Rubina Lo Duca
CEO
ABAR SpA
